In order to achieve these goals, the ASNR works among professionals and the general public.

The mission of the American Society of Neurorehabilitation was established to advance the discipline of Neurorehabilitation with commitments to:

• The scientific understanding of neurologic injury and recovery;
• Evidence-based medicine and research;
• Multidisciplinary management of neurologic disease, including secondary conditions, spinal cord injuries, and peripheral nerve injuries.
• Pharmacology of motor recovery, cognitive rehabilitation, and design of randomized multicenter trials in neurorehabilitation;
• Innovations impacting neurologic disability and disease;
• Interdisciplinary research; and
• Encouraging young researchers, multi-center trials, and increasing the awareness of the need for funding in neurorehabilitation; and
• Geriatrics;
• Human Neuroscience Research;
• Advocacy;
• Basic Neuroscience Research;
• Biomedical Engineering;
• Clinical Trials;
• Critical Care;
• Geriatrics;
• Human Neuroscience Research;
• Internal Medicine;
• Neurology;
• Neurosurgery;
• Nursing;
• Occupational Therapy;
• Orthopedics;
• Other Rehabilitation Research;
• Pediatrics;
• Physiatry;
• Physical Therapy;
• Psychiatry;
• Psychology;
• Recreational Therapy;
• Social Work;

• Access to healthcare and social opportunities for all persons with disabling neurological disorders, to advance neurorehabilitation;
• The scientific understanding of neurologic injury and recovery; and
• Evidence based clinical practice; and
• Involvement in the development and promotion of evidence-based basic and clinical practice and research.

Applications received in October, November and December will be applied to the next membership year. Dues amounts are subject to change at the discretion of the Society and will be effective at the beginning of the fiscal year.

PLEASE NOTE: The membership year runs from January to December.

Active Membership category includes all health care professionals, scientists and engineers interested in professional advancement and providing continuing education about neurorehabilitation. This category includes physician and non-physician rehabilitation specialists and investigators.

Active Physician and Active Non-Physician Membership categories are available to individuals who have completed training. The Active Physician category includes licensed physicians, residents, and fellows. A letter from the Program Director of an institution accredited by the Accreditation Council for Graduate Medical Education (ACGME) will be required as part of the membership application.

Active Physician Membership includes residents and fellows.

Active Non-Physician Membership category includes all other health care professionals with an interest in the field of neurorehabilitation and promoting the Society’s goals. This category of membership includes physician and non-physician rehabilitation specialists and investigators.

Student Membership category is available to students who are in an institution accredited by the ACGME. A letter from the Dean’s office of the program or a current neurosciences research program will be required as part of the member application.

Trainee, Physician in Training Membership category includes residents and fellows.

Trainee, Other Student or Trainee Membership category is available to all other trainees. A letter from the Program Director of an institution accredited by the ACGME will be required as part of the member application.

The Trainee categories are available for trainees in the fields of:

• Dentistry
• Emergency Medicine
• Family Medicine
• Internal Medicine
• Medical Genetics
• Neurology
• Neurosurgery
• Nursing
• Occupational Therapy
• Orthopedics
• Other Rehabilitation Research
• Pediatrics
• Physical Medicine and Rehabilitation
• Physical Therapy
• Physical Therapy Assistant
• Physician Assistant
• Psychiatry
• Psychology
• Public Health
• Public Health Nursing
• Radiation Oncology
• Social Work
• Speech/Language Therapy
• Trauma
• Urology

In addition to the above, a category of membership is available to individuals employed in the field of neurorehabilitation who have pursued training as follows:

• Doctoral, Physician ($310)
• Professional, Health Care ($195)
• Trainee, Physician in Training ($170)
• Doctoral, Other ($195)
• Professional, Other ($195)
• Trainee, Other Student or Trainee ($70)

See Membership Categories in this flyer for category criteria. A letter from the trainee’s institutional program director will be required as part of the trainee membership application and should be sent to the offices of the ASNR. The membership year runs from January to December.

Dues amounts are subject to change at the discretion of the Board of ASNR and would become effective at the beginning of the fiscal year.

How did you hear about the ASNR? (Please include name of referring member if applicable)

Payment Information

I authorize the American Society of Neurorehabilitation to charge my dues to my credit card listed below.

TOTAL AMOUNT ENCLOSED $ ______________________

- Check/Money order (US funds) Check # ____________________________
- Visa Master Card Card # ____________________________ Exp. Date __________

Name as it appears on card ______________________________________

Signature ______________________________________________________

A $25 processing fee will be charged for declined charges or returned checks.

Verification of Information

I hereby certify that the information furnished is true and correct and that the ASNR is authorized to investigate and verify any representation made on this application.

Signature __________________________ Date _________________________
