AN INVITATION TO PARTICIPATE
The American Society of Neurorehabilitation (ASNR) invites you to be part of our Annual Meeting, to be held November 1-2 in San Diego, California. Over two hundred medical professionals and scientists devoted to the field of neurorehabilitation were part of the 2017 ASNR Annual Meeting. An even greater turnout is expected in 2018! These attendees are active clinicians, leaders of clinical neurorehabilitation facilities, and clinical and basic researchers in neurorehabilitative therapies. Their focus is to innovate in the science of neurorehabilitation, discuss new clinical and basic scientific findings and move patient care forward. This meeting has an outstanding program and would grow even stronger with your support and active participation.

Our meeting provides a wonderful opportunity for your organization and/or products to be exposed to leaders in neurorehabilitation, who are both clinicians, and researchers from all over North America and beyond. Beyond marketing, this meeting provides a unique opportunity to gather feedback about your current and potential products/projects from leaders in the field. The meeting is exceptional for its scientific content, quality of the speakers, and integration between basic science and clinical practice. The meeting reflects the excellence of the ASNR’s journal, Neurorehabilitation and Neural Repair, which has the highest impact factor among rehabilitation journals. The meeting features dedicated exhibitor space within the scientific session area and opportunities for product display and advertising in the meeting brochure.

SOCIETY PURPOSE
The mission of ASNR is to promote the medical and social wellbeing of persons with disabling neurological disorders, to advance training and research in the basic and clinical sciences that can lead to functional recovery of neurologically impaired persons, and to disseminate the knowledge of this research among professionals and the general public.

ASNR promotes:
• Specialty training and identification of those with expertise in neurorehabilitation
• Professional and public education
• Basic and clinical research in neurorehabilitation
• Communication and collaboration with people with neurological disorders related organizations

Please visit our website at www.asnr.com for more information about our Society and Annual Meeting.

Sincerely,
Catherine E. Lang, PT, PhD
ASNR Program Chair

MEMBERS OF THE ASNR are researchers and clinicians. Our members are internationally known for their scientific work to improve rehabilitation outcomes in patients with neurological diseases. More common diagnoses include Stroke, Traumatic Brain, Spinal Cord Injury, Parkinson’s Disease, Multiple Sclerosis and Cerebral Palsy. It is through educational platforms such as our annual meeting that our clinicians are able to share and disseminate cutting edge information about functional rehabilitation of the neurologically impaired.
EXHIBIT INFORMATION

ASNR is pleased to offer exhibiting opportunities at this year’s meeting. Exhibitors will have the opportunity to showcase their products to over 200 neurorehabilitation professionals including clinicians, physical therapists, occupational therapists and academic researchers who practice in a variety of neurologic settings. We hope you will take advantage of this opportunity to connect with our attendees face to face. Exhibits are intermingled with posters in the poster sessions and directly adjacent to the lecture hall, providing close physical interactions among attendees and exhibitors.

PHYSICIAN & CLINICIAN DECISION-MAKERS

The ASNR Annual Meeting provides the rare opportunity for industry teams to not only market your products, but also to learn from the people best-suited to providing feedback and who are ultimately responsible for patient care.

ASNR Annual Meeting attendees have a specific interest in the scientific basis of neural repair and neurorehabilitation or the management of the neurological patients. These professionals have a unique perspective on the resources needing in neurorehabilitation, as they relate to the entire patient continuity of care. Clinical leaders at rehabilitation institutions are among the attendees. Connect with ASNR Members and gain a better understanding of clinical needs and the real-life impact of your products’ design!

EXHIBITOR TIPS
for the ASNR Annual Meeting

ESTABLISH YOUR GOALS
What do you want to get out of the ASNR Annual Meeting? How many attendees do you want to stop at your booth? How many leads do you hope to generate? Determine what your ROI is and focus on getting that. If ASNR can assist you in doing so, let us know!

ADVERTISE IN ADVANCE
Put the word out to your clients, customers, suppliers, and contacts about where you’ll be. ASNR will do everything we can to promote the Annual Meeting – we invite you to join us in doing so. Promotional emails and slides are available for download from our Executive Office.

ENGAGE IN SOCIAL MEDIA
Connect with ASNR on Facebook. We’re happy to work with you to get the word out that you’ll be joining us at the Annual Meeting. Remember to let your followers know where you’ll be and how they can register for the meeting.

USE AN INTERACTIVE DISPLAY
The best way to draw a crowd to your booth is to interact with them. Games, quizzes, contests, prizes, or scheduled demonstrations give people that extra reason to visit your booth.

ACTIVELY ENGAGE ATTENDEES
Don’t wait for people to address you. ASNR is a friendly crowd and willing to be engaged! Be outgoing, chat with visitors, and find out what aspect of your business they’re most interested in. Be prepared to offer specific answers to their questions.

GET OUT FROM BEHIND YOUR TABLE
Exhibitors often sit behind their tables while attendees stand, looking down at them. Get up, make eye contact, and engage! Remember to stay off your phone. There will be time after exhibit hours to follow up on voicemail and email.

ALWAYS BE PREPARED
Make sure your booth is staffed at all times, by a knowledgeable person. Many companies will send their “rookies” to tradeshows. Sending new staff people is not always the wisest decision, however, as they may not have all the answers about your products or services. If you do send a new staff member, make sure an experienced person is there as well, so newer staff can watch and learn.

FOLLOW UP
ASNR members are busy. Follow up with contacts and leads as soon as possible. The quicker you follow up, the more your business will stand out from the rest!
