

2022 ASNR AWARD CEREMONY

Thursday, March 31, 2022 • 5:00 pm – 6:00 pm • Salon 1

Derrick Yoo

Presidential Abstract Award

P.47 A system to test forepaw touch in rodents shows stability in health and loss of function with injury

The ASNR offers the Presidential Award for the best basic science poster presented by a student, resident, post-doctoral fellow, or a clinician within five years of training. The purpose of this award is to encourage research relevant to Neurorehabilitation by young clinicians and/or investigators enrolled in training programs relevant to Neurorehabilitation. While the contestant must be the senior author of the abstract, there are no restrictions on co-authorship.

Isha Vora,
MS, OT

Fletcher H. McDowell Abstract Award

P. 55 The Use of Transcranial Magnetic Stimulation for Upper Extremity Motor Assessment at the Bedside During Acute Stroke Hospitalization: A Feasibility Study

The ASNR offers the Fletcher H. McDowell Award for the best clinical science poster presented by a student, resident, or post-doctoral fellow, or a clinician within five years of training. The purpose of this award is to encourage research relevant to Neurorehabilitation by young clinicians and/or investigators enrolled in training programs relevant to Neurorehabilitation. While the contestant must be the senior author of the abstract, there are no restrictions on co-authorship.
